You've heard of a fairy tale ending....well this is it. The residence is on a full quarter at the end of dead end road and is truly a magical place. The square log home was built in 1986 by a true craftsman and what he built remains untouched. It has been renovated though and the craftsmanship is equally good. A full log cabin compliments the home and can be used for family get togethers or just for peace. There are two more guest homes as well. The yard just adds to the magic with pathways, rock creeks, a gazebo, a pond, a working windmill, antique farm equipment, old interesting buildings along with a root cellar to boot. The heated 6 bay shop features a mechanic's pit, cold storage and workshop. Under the shop is a cistern that uses rainwater to supply the home with all the water needed with a drilled well back up. There is a 40x70 cold storage shop and an oversized double garage as well. The quarter could be subdivided and has 60 acres in crop with the rest is mature trees and trails throughout!

Built in 1986
